Go Green with our Annual Winter Inspections

Winter Combine & Header Inspection

John Deere Inspection Plus 200+ Point Combine Inspection—\$249
50+ Point Header Inspection—\$99

Units must be signed up by 1/15/2011 & the inspections & repairs must be performed according to WIC's schedule. Combines & Headers **must be blown off** prior to inspection. If the unit is dirty, we **must charge** a cleaning fee to the price of the inspection.

Winter Tractor Inspection Repair

John Deere Inspection Plus 75+ Point Tractor Inspection—\$299

Units must be signed up by 1/15/2011 and the inspections & repairs must be performed by 4/1/2011

Winter Seeding Equipment Inspection & Repair

John Deere Inspection Plus 75+ Point Planter Inspection—\$199

Units must be signed up by 1/15/2011 and the inspections & repairs must be performed by 4/1/2011

Seed Meter Test Stand
November—January—\$15 per row
February—\$20 per row
March—\$25 per row
April & May—\$40 per row

All inspections results will be discussed and repairs will be approved before any further work will be performed on the unit. If all repairs suggested by WIC are **performed by WIC** then warranty will begin when the season starts (4/1/2011 for planters & tractors, 6/15/2011 for wheat combines, 9/1/2011 for corn/soybean combines).

No Payment No Interest Available through Farm Plan
